

How to Destroy the West:

- **Corrupt the young.**
- **Get them away from religion.**
- **Encourage their interest in sex.**
- **Make them superficial by focusing their interest in sports, sensual entertainments and trivialities.**
- **Always preach true democracies but seize power as fast and ruthlessly as possible.**
- **Encourage government extravagance, destroy its credit.**
- **Produce fear with rising prices, inflation and general discontent.**
- **Encourage disorders and foster a lenient attitude toward disorders.**
- **By specious argument cause the breakdown of the old moral virtues; honesty, sobriety and self-restraint.**
- **Cause registration of firearms to leave the population defenseless.**

Linda Sarsour's Blood Libel

Ms. Sarsour has been invited to speak in Canada. It is shocking to hear that an Islamic Organization, once again, is willing to promote such a controversial speaker who propagates hate and disunity in the West and fuels harmful Islamic Ideology. Linda Sarsour has reported ties to the Muslim Brotherhood, a terrorist organization.

Video: Bare-chested Shi'ite self-flagellation reaches the streets of Toronto

For many years now, a medieval ritual is being enacted by Muslims on the streets of Canada to mourn the murder 1,400 years ago of Prophet Muhammad's grandson Hussain Ibn Ali in the Iraqi city of Karbala. Why couldn't John Tory or Jennifer Keesmat say the obvious and call a barbaric practice as 'barbaric'? The only candidate who did address the issue was Faith Goldy who has been portrayed as a pariah by much of the media elites and the political class. The answer is the fear of offending Islam, a fear that has reached phobic levels.

Interview with Maxime Bernier about his new People's Party, immigration and the politically correct media

If polls are correct, Bernier's party is already in the double-digits. I'm interested in who can win and who can beat Justin Trudeau. But I'm also interested in knowing that whoever can win will be a change, more than just a change in the team colours from red to blue.

What does a party stand for? What is their philosophy, their focus, their style? That's what I want to ask Bernier about. And we want to hear what you think of his answers.

The CBC's Smear Job

The CBC did an absolute smear job, not just on Maxime Bernier, but on all libertarians and free-market advocates in Canada. This report is nothing short of an ideological hit job. The fact that Canadian taxpayers fund this garbage should be cause for concern to every fair-minded person in our country.

Victory for BC aesthetician who faced human rights complaint for refusal to perform waxing service on transwoman

The Justice Centre is pleased to announce the vindication of its clients, British Columbian aesthetician Shelah Poyer and her boyfriend Jeremy Paradis. The Human Rights complaint which had been filed against Ms. Poyer and Mr. Paradis for Poyer's declining to perform waxing services on a transwoman has been formally withdrawn. When the Complainant learned that Shelah Poyer, with the help of the Justice Centre, was mounting a vigorous defence to the complaint, the Complainant demanded that Cameron be removed as Poyer's lawyer. This demand was refused. Shortly thereafter the Complainant submitted a "Withdrawal of Complaint" form to the Tribunal.

Instead of Pursuing A Worthless UN Seat, Trudeau Should Focus on Canadian Citizens for Once

The UN is an increasingly-discredited joke. Why should the Canadian government waste any time and money pursuing a worthless security council spot? There is literally zero benefit for Canada in having a seat, and it would do nothing except give Justin Trudeau some virtue-signalling opportunities to pretend he is important.

Trudeau Speaks to Nearly Empty UN Hall, The Few People in Attendance Ignore Him & Look at Their Phones

The lack of a crowd, and the total lack of interest in Trudeau's virtue-signalling emptiness among the few people there, is something much of the Canadian media will never show you. They keep up the farce that

Trudeau somehow has influence on the world stage – when the reality is exactly the opposite: Nobody is listening to him.

Manifesto of an Aspiring Fascist

Some people have accused me of being a fascist. They are wrong. I am an aspiring fascist. Don't give me a Gold Medal until I have crossed the finish line. I have more to learn and digest before I am ready to mount the podium. But I am almost there. I have almost assimilated the full fascist package. I am just a few pieces short of finishing the puzzle. Here is what I've got so far. This is what I have come to believe after a half century trek to the summit.

The Wrath of Gypsies by John Robson

In 2009, well before Sir John A. Macdonald was carted off to a Victoria warehouse and the City of Kingston scheduled public consultations on how to "reinterpret" local memorials of the father of our country as a no-good rat, before Hector Langevin's name was peeled off the façade of the Prime Minister's Office in Ottawa, and before bronzed Lord Cornwallis was felled in Halifax, a planned recreation of the Battle of the Plains of Abraham was cancelled because it was too painful to admit... what? That parliamentary self-government and individual rights had triumphed over obtuse and extortionate absolutism?

IMMIGRATION-MIGRATION

Concordia names engineering school after Gina Cody, a first for women in Canada

"I arrived in Canada as a young student from Iran in 1979 with \$2,000," Cody said in a news release sent by the university. "My gift to the university is for the next generation, so that more people can succeed like I did." She added that she wanted to make the donation because university is a place for "women, people of colour, Indigenous populations and other minorities to pursue their dreams."

Here is an example of an immigrant assimilating and succeeding through hard work and then wanting to give back. Bravo Gina Cody!!

Jenny Kwan's World

Meet Ms. Perpetually Outraged. Meet Jenny Kwan. Jenny is the archetypical Social Justice Warrior. A champion of the downtrodden, the marginalized, the excluded, The Other. Her C.V. is impressive. Jenny never met a refugee claimant—or a potential refugee claimant—that she didn't like. She can't conceive of an asylum seeker who doesn't deserve a hearing. Or whose tale of woe is less than credible. A migrant on the run must always be believed. A CBS agent who pursues him must be inhibited. A city that offers him sanctuary must be praised. In Jenny's world no one is illegal.

MULTICULTURALISM

What Does "Multiculturalism" Really Mean?

"Immigrants devoted to their own cultures and religions are not influenced by the secular politically correct façade that dominates academia, news-media, entertainment, education, religious and political thinking today," said James Walsh, former Associate General Counsel of the United States Immigration and Naturalization Service. "They claim the right not to assimilate, and the day is coming when the question will be how can the United States regulate the defiantly unassimilated cultures, religions and mores of foreign lands? Such immigrants say their traditions trump the U.S. legal system. Balkanization of the United States has begun."

ANTIFA, SPLC & THE LEFT

Antifa Website Calls for 'Slaughter' of 'Fascistic Border Patrol Dogs and Their Bosses'

In a post Thursday at far-left antifa website Incendiary News, an activist advocated for revolutionaries to rise up and "slaughter" what he called "fascistic Border Patrol dogs and their bosses. "Revolutionary organizations throughout the country such as the Red Guards appear to be organizing among the immigrant masses in forming defense units, rallying around the shared slogan of 'fight ICE with fire!'" he writes, adding, "the time for activism is over. Now is the time for war." Now is the time to mobilize the masses, particularly the immigrant masses from Central America and Mexico, to exact revolutionary vengeance and seize power. Without it, everything is just empty words. End the barbarism. End U.S. imperialism!

GOOGLE, FACEBOOK, TWITTER, PAYPAL

Twitter, Facebook and Google: A Soft Form of Extremism?

Have social media and tech giants become a soft form of extremism? The alarming rate at which these companies are acting like lord and masters of the republic raises a number of questions. It's no secret that Silicon Valley is a soft playground for Islamists. Twitter, YouTube and Facebook are among social media tech giants that have side-swept users' First Amendment protection (which are only guaranteed by government and not private businesses) by becoming the largest publishing organism with the widest-reaching censorship ability in human history.

More censorship of dissenters from the Leftist line: Facebook unpublishes Jihad Watch page

The Facebook fascists, of course, do their best to conceal what they're about. This time they have shut down the Jihad Watch page on a technicality that is in reality a catch-22. Facebook has been giving me notices on the Jihad Watch page saying that the page is unpublished, and will remain unpublished until I confirm what country I'm in. They want to guard against all those Russian bots, doncha know.

Google Claims it Didn't Manipulate Search Results for "Islam" and "Muslim"

But we have known for well over a year that it did. The emails show that "Google employees suggested ways to 'leverage' the search engine to combat what the tech giant staffers considered anti-immigration rhetoric and news." Specifically, "Google staffers suggested actively countering 'islamophobic, algorithmically biased results from search terms "Islam," "Muslim," "Iran," etc.'" But all is well, Google would have us believe, because this wasn't done.

Infowars was informed of the ban this week, and it claims to have been told "off record" that the ban was due to "criticism of Islam and opposition to transgenderism being taught to children in schools." Pope Francis continues to preach that "Christ himself asks us to welcome our brother and sister migrants and refugees with arms wide open," completely ignoring the fact that resistance to mass migration has nothing

to do with being xenophobic or "racist." It is a resistance to the hijrah. While he demanded the tiny Baltic nations open up to mass migration Saturday, Estonia said it backs Viktor Orbán over the need to seal European borders against the third world influx.

Marine Le Pen Ordered to Take Psychiatric Tests for Opposing Jihad Terror

You thought it would stop with the defaming and de-platforming of foes of jihad terror? No. Soviet-style judgments of insanity are next. And what will come after that? The answer is clear enough. Why this doubt as to Le Pen's mental competence? Because she "tweeted out gruesome propaganda images from terror group Isis that showed the bodies of people having been executed by the so-called Islamic State." But that meant nothing to the French authorities who are desperate to destroy her, her movement, and any and all opposition to their globalist, socialist, open-borders agenda.

GERMANY

German court upholds Kuwait Airways' barring of Jewish passenger

A German appeals court on Tuesday ruled that it could not prevent Kuwait Airways from refusing service to Israeli passengers, even though it believed the policy amounted to discrimination. The state-owned airline canceled the ticket soon after, saying Kuwaiti law prohibits all commercial relations with Israelis and Israeli companies. The higher regional court in Frankfurt called the boycott "unacceptable," but ruled that because the flight

required a stopover in Kuwait City, which is under Kuwaiti jurisdiction, it was “factually impossible” for the airline to have fulfilled its contract.

NORWAY

Norway Fetes Young Muslim Refugee Writer for Trashing Norway by Bruce Bawer

His name was Walid al-Kubaisi. He came to Norway as a political refugee in 1981 at a time when the Muslim population of Norway was tiny and the Norwegian cultural elite was still willing to lend a respectful ear to a severe criticism of Islam by someone who had grown up as an adherent of the faith. Kubaisi was nothing if not critical. He condemned the hijab. He recognized Tariq Ramadan as a two-faced snake who was out to Islamize Europe. He saw through the dissimulations of the Muslim Brotherhood.

Sweden Democrats, foes of mass Muslim migration, won so many seats that they're having difficulty filling them

The populist Sweden Democrats won so many votes in the country's recent elections that they won more seats in local governments than they had candidates to fill them. The popularity of the Sweden Democrats is due to their stance on Muslim migration. Sweden has been in crisis and on the verge of civil war since it has been inundated with Muslim migrants. No-go zones, many like war zones, have sprung up, even in a popular mall; Sharia patrols have appeared and crime has skyrocketed.

How do you solve a problem like Anjem Choudary?

Next month the Islamist preacher Anjem Choudary will be released from prison, having served just half of his five-and-a-half-year sentence. The

Justice Secretary, Rory Stewart, echoed that verdict earlier this month, calling Choudary 'deeply pernicious' and a 'destabilising influence'. His views remain the same; his status as a martyr — at least in the eyes of his followers — is assured; and his hatred of Britain is more ferocious than before. He will emerge as a greater menace than when he was locked up.

The government in Damascus flat-out accuses the White Helmets of being terrorists, offering them a choice between surrender and amnesty, or death.

The Democrats have viciously overplayed their hand

Can there be any Americans following this story who are not enraged and offended by the obvious orchestrated smear of a good and decent man? According to some polls, yes. It is too soon to predict how this horrific, criminal upheaval will end. Will the left succeed in destroying Kavanaugh? If it does, it will signal the end of our democratic republic as we know it. It will mean that the media and their fake polls govern us all; that Cloward and Piven have won, Marx has won, and Saul Alinsky has won; and that Obama did indeed "fundamentally transform the nation."

Federal judge sides with CAIR against parents, students, in favor of “Islamophobia” initiative in San Diego schools

Once again, the “Islamophobia” canard is being wielded by CAIR as a means to attain special status to Muslims. This is being done in public school systems, but is as yet unrecognized by authorities for what it is. Over in Canada, CAIR’s sister organization, the National Council of Canadian Muslims (formerly CAIR-CAN), was doing the same thing. The Hypocrisy of Anti-Kavanaugh Feminists by Barbara Kay

Unlike the fictional women of Gilead, who exist nowhere in the West, women forced to cover their entire bodies and faces exist in the millions elsewhere in the world. And unlike the women parading around the Capitol in their Gilead costumes, who can doff their costume and head out for a self-congratulatory cocktail after the protest, those women can't take their "costumes" off – ever. The appropriation of the niqab, an actual symbol of

true victimhood for a cheap laugh is a far greater offence to women than a costume company's exploitation of a fictional trope.

We Are Living Nineteen Eighty-Four by Victor Davis Hanson

Truth, due process, evidence, rights of the accused: All are swept aside in pursuit of the progressive agenda. George Orwell's 1949 dystopian novel *Nineteen Eighty-Four* is no longer fiction. We are living it right now. According to some polls, about half the country believes that Brett Kavanaugh is now guilty of a crime committed 36 years ago at the age of 17. And that reality reminds us that we are no longer in America. We are already living well into the socialist totalitarian Hell that Orwell warned us about long ago.

What Will It Take to Wake Up America?

Continuing the use of terms like "countering violent extremism and work place violence," is nothing more than perpetuating the Obama administration's propaganda, which only confuses the American public's

understanding of the true nature of the threat. The jihadists have been thoroughly indoctrinated in the core canonical beliefs of Islam as written in the Suras (chapters) of the Quran, which drives their violence. It certainly is not for a lack of a job or educational opportunities, which is part of the progressives' nonsense propaganda. Further, using the term "radical Islam" to describe jihadi terrorism implies that there is some "moderate" form of Islam. Regrettably, that is not the case, nor have the jihadists hijacked Islam.
