Global Compact for Safe, Orderly and Regular Migration

**United Nations
Global Compact**

SAY NO!

“Justin Trudeau and his immigration minister, Ahmed Hussen, plan to impose this newly defined “human right” in the form of a “Global Compact” on Canada. Our neighbors to the North are about to experience “the fundamental transformation” of their country that Obama envisioned for America. Without a doubt, there will be severe repercussions for the United States.

You may recall widespread media [reports](#) of Obama’s interference in Israel’s elections to oust Netanyahu using taxpayer dollars and State Department assistance through the V15 (Victory 15) campaign. The very same [effort](#) was exerted in Canada by Obama to [defeat](#) conservative, staunchly pro-Israel Stephen Harper, albeit not as well publicized.

This is why Canada is in such dire straits today and will proceed with a demographic replacement project that will destroy its democracy and put an end to the liberty and freedoms enjoyed by Canadians across their great country.

Further, dissent to this travesty will be squelched by a compliant press and a cooperative educational system under threat of punishment.

Please read and circulate the summary below written by *The Rebel Media* founder, Ezra Levant, on this heinous plan to destroy Canada and other “Global Compact” signatories.”

Thanks to Janet Levy

REMINDER OF THE KEY POINTS:

- **Migration will be a human right.**
- **Countries must promote the cultures of these migrants and promote diversity to its citizens.**
- **Countries must help inform the migrants so they best can choose which country to migrate to, by means or a website etc.**

- Countries must “sensitize and educate media professionals on migration-related issues and stop public funding to outlets that promote so called intolerance.
- Countries must work to eliminate all forms of COUNTER EXPRESSIONS to this mass migration.
- Newly arrived migrants in Europe should have the same rights to education and the labour market as native Europeans.

A migration pact to disaster

What the reader is also never told is that all migration to date is from poor third-world places to the well-off Western countries with established welfare systems and that, with very few exceptions, the migrants are, at best, economic refugees who haven't been persecuted either politically or religiously. President Trump was the first to make clear the disastrous consequences of this pact and pull the United States out. In the meantime, virtually all of Eastern Europe and many others have also pulled out. Not Canada.

Stop the signing of the UN Global Compact for Migration

The compact will back the EU's plans to flood our nations with 59 million migrants by the year 2025. The UN Migration Compact explained by Janice Atkinson MEP. The compact will be signed on 11/12 December if we don't do something now! May, Merkel, Macron and other leaders will sign this and bind our countries to a no borders agreement.

The Coudenhove-Kalergi plan – The genocide of the Peoples of Europe

This article was written in September of 2013. If you only read one article this week, make sure it is this one.

The servants of globalization are trying to convince us that to deny our identity, is a progressive and humanitarian act, that "racism" is wrong, because they want us all to be blind consumers. It is necessary, now more than ever, to counter the lies of the System, to awaken the revolutionary spirit among Europeans. Every one must be made aware of this truth, that European integration amounts to genocide. We have no other option; the alternative is national suicide.

Mass immigration is a phenomenon the causes of which are cleverly concealed by the political elites, and multicultural propaganda is employed to falsely portray immigration as inevitable. In this article we intend to prove once and for all, that mass immigration is not a spontaneous phenomenon. What the elites try to present as an inevitability of modern life, is actually the product of a plan conceived around a table and prepared over decades, to completely change the face of our continent.

British government 'breaks promises' and will sign UN Migration Pact

In September President Trump said from the UN New York headquarters that "Migration should not be governed by an international body unaccountable to our own citizens. "Ultimately, the only long-term solution to the migration crisis is to help people build more hopeful futures in their home countries: make their countries great again."

Canada's Treacherous "Faustian Bargain"

The Canadian government recently announcement that it will be providing more than CDN \$600 million (USD \$455 million) over the next five years to bail out the country's financially strapped media outlets. Canadians ought to recoil from this "slippery slope" to some version of a state-controlled society that this deal has created. How ironic that the announcement of the media bailout came less than a week after the 100th anniversary of the First World War armistice and Remembrance Day, during which Canadians honored the memory of countrymen killed and maimed in wars fought for freedom against the advance of tyranny.

Canada under the Trudeaus

For Justin Trudeau and his Liberals, Canada needs to be an open border global sanctuary country. It is also illustrated by the public shame Justin Trudeau's Liberals feel over Canada's past, and the unending apology offered to those claiming victimhood due to that "shameful" past.

Now he is set to sign the UN Global Compact for Safe, Orderly and Regular Migration at an intergovernmental gathering in Marrakech, Morocco, on

December 10-11, 2018. Global Compact is an agreement in the making of a borderless world administered by the UN that Justin Trudeau agrees with given his embrace of globalism.

Is Canada's Justin Trudeau the Great Reformer of Islam

Trudeau's critics accuse him of siding with Islamists in a way that endangers Canada and the West. Tom Quiggin, a former intelligence contractor for the Royal Canadian Mounted Police and a court-appointed expert on jihadist terrorism in both the federal and criminal courts of Canada, said that Trudeau "has a nine-year-long record of supporting the Islamist cause while refusing to engage with reformist Muslims." He added, "Trudeau's position on Islamists should be of concern to both Canadians and Americans... The price of Canada's submission to the Islamists may indeed be high."

Islamic conquest continuing in Canada

During the past several years, especially after Justin Trudeau became the Prime Minister, Islam and Muslims in Canada have found an advantageous situation as Trudeau is heavily inclined towards appeasing radical Islam and even jihad. Since then, Canada in fact has turned into a breeding ground of radical Islam while a large number of ISIS and even Al Qaeda, Boko Haram, Al Shabab terrorists are getting shelter in Canada.

Canada: Landlord loses appeal to overturn order to pay Muslims \$12,000 for wearing shoes in their prayer room

The case described in the story below is a shocking and tragic example of Islamic supremacist incursion into Canadian civil society. Nigerian-born landlord John Alabi's life unraveled because he fell victim to a Muslim couple, as well as to the "Human Rights" Tribunal of Ontario and the Divisional Court. Alabi's case should be noted carefully, as it sets a precedent and gives a warning: anyone who opposes a Muslim, even justifiably, can possibly have his or her life ruined and be made into a public example, if the Muslim merely claims discrimination.

White Identity Politics in Canada

This double standard against Euro-Canadian identity has to be openly discussed if Euro-Canadians are going to survive as the rightful majority in Canada. The meaning of multiculturalism, and what the Charter means by multiculturalism, will be determined by the proportion of non-Europeans in Canada and the willingness of Euro-Canadians to affirm their collective identity. The current situation in which Euro-Canadians are under the

obligation of reconstructing their culture according to transnational values formulated by anonymous human rights lawyers and globalist academics, while simultaneously expected to 'understand' the 'human need' minorities have to belong in a cultural group, cannot go on much longer.

An Academic Mobbing at McGill by Barbara Kay

On February 6, 2018, a faculty member of McGill University's Institute of Islamic Studies (IIS) emailed Robert Wisnovsky, the newly installed director of the institute, to report that he had overheard three women talking in an elevator about their desire to take down tenure-track faculty member and Islamic Law Specialist Ahmed Fekry Ibrahim. "I want him to get fired," one student wearing a hijab said. "He is the most Islamophobic prof I have ever had. I fucking hate him." Like most targets of such ruthless smear campaigns, Ibrahim was slow to understand that he was the victim of a workplace "academic mobbing."

Australia: Prime Minister Scott Morrison mulling plan to strip jihadis of citizenship, expel them from the country

"If there are people in a religious community, an Islamic community, that are bringing in hateful, violent, extremist ideologies into your community, you've got to call it out. Anybody Looking at What's Happening to Europe?

While we watch a third world invasion from Central America knocking on our southern border with Mexico, is anybody watching what's happening to Europe? Canada? Australia? Immigrants overrun each of those Western entities by the millions. What's most interesting: their leaders invite the invasions of their countries against their countrymen and women. Worse, against their successful cultures!

AROUND THE WORLD

FRANCE

The Fracturing of France

President Emmanuel Macron's government is considering giving parents a secular alternative to that intertwining of Arabic and Islam by prodding more of France's public schools to offer children as young as age 6 Arabic lessons. French authorities seem to ignore that the vast majority of terrorists from France have been French citizens, who spoke a perfect French and, unlike their parents, were born in France. They were perfectly "integrated". They rejected it. Teaching Arabic will only create more ghettos.

SWITZERLAND

Creeping EU Accession

The EU is now pressing Switzerland to sign a comprehensive "framework agreement" that would require Bern to cede even more sovereignty to Brussels. The EU, for instance, wants Switzerland to subject itself to the jurisdiction of the European Court of Justice (ECJ). If Switzerland complies with the demand, the ECJ would outrank the Swiss Supreme Court as the

final arbiter of legal disputes in the country. "It is unacceptable that a small panel of [ECHR] judges, who generally lack the expert knowledge about the [Swiss] legislative authority, handle matters in an undemocratic way instead of the [Swiss] authority itself."

UNITED KINGDOM

Muslim Council of Britain vs. Tommy Robinson

It looks as if Muslims in the UK are finally taking to the streets to protest something, and it's not rape gangs or the inhumane treatment of children and animals under Islam. Nope. UK Muslims are taking to the streets in an event that is being organised and approved of by the Muslim Council of Britain and a handful of other organizations. They're coming out to oppose the 'racist' Brexit event that Tommy Robinson has organised for December 9th in London.

Gerard Batten Suggests Muslim-Only Prisons

The enormous appeal of Islam to prisoners is not hard to understand. First, it provides discipline for converts, as they strive to fulfill its rules (about the five daily prayers, halal food, fasting at Ramadan, Islamic dress, facial hair, and so on), provides brotherhood with fellow Muslims, who are taught to befriend one another, while shunning Christians and Jews as friends, and most important, offering physical security that comes with being part of the Muslim group in prison, where violence is endemic. These three — discipline, brotherhood, physical security — are making many prisons into centers of Muslim conversion.

Internal Facebook Documents Seized by UK Parliament

In a surprise move, parliament has just used its legal powers to seize internal Facebook documents. They include private emails from CEO Mark Zuckerberg. The UK wants to hold Facebook accountable for violating the privacy of individuals. Just as in the US when Zuckerberg refused to answer Senator Ted Cruz, Zuckerberg repeatedly refused to answer questions put to him by parliament. Facebook needs to be exposed for all the dirty, underhanded evil moves they've made over the last fourteen years.

UNITED STATES

How Many Muslims Won Political Office In 2018? The Numbers May Shock You!

Many of you are familiar with a couple of congressional seats that were picked up by Muslim women and the first Muslim state attorney general put into office in Minnesota. What you may not realize is just how many political offices were filled by electing Muslims in 2018. Even more concerning is the high percentage of Muslims voting and their openness to promote the fact that they want to "change" our culture and society.

95% of Muslim voters participated in this year's midterm election.

A Tiny Minority of Half a Million Jihadists

Islamic terrorists are a "tiny minority of extremists". That's the message we've been hearing ever since 9/11. They're only a handful of "guys in a cave" or a few "lone wolves" radicalized over the internet. How tiny is that

tiny minority? Islamic terrorists are the world's eighth largest military. This dark army of terror grew by leaps and bounds under the Obama administration which fractured Sunni countries by overthrowing their governments in and bringing Islamists to power in the Arab Spring, while the Iran nuke deal fed and freed up billions for Iran to invest in Shiite expansionism.

The 'Islamophobia' problem by Douglas Murray

That 'Islamophobia' was created by fascists is provable: the term was conjured up and pumped into the international debate around politics and religion decades ago by the Muslim Brotherhood. The claim that it is used by cowards slightly lets others of its users off the hook. For it is not only used by cowards. It is also used by sinister and sectarian figures who wish to protect their own religious patch from any and all discussion or scrutiny. That it intimidates cowards is evident from every day's news. Future freedoms – including freedom of religion and freedom of speech in this country – will depend very much on this ugly agenda not being deployed.

Asia Bibi Case Reveals the West's Unwillingness to Take on Islam

Asia Bibi, a Pakistani Christian woman pardoned by the Pakistani government for "blaspheming Mohammad" while being threatened with death by millions of Pakistani people, is not welcome in Britain. Meanwhile, a terrorist recruiter and supporter, Anjem Choudary, is free and comfortable, while Asia Bibi needs to move from safe house to safe house at night because her life is threatened by most people around her.

At the time this article was published, no nation has agreed to receive Asia Bibi so she can live in peace and freedom. The Asia Bibi case is a test of whether the United States and the West will defend liberty and true human rights of persecuted Christians.

There's no Terrorism like Islamic terrorism, Despite the Left's Lies

What, exactly, constitutes a "right-wing terrorist attack"? Have any of the terrorist attacks by Black Lives Matters and Antifa been categorized as terrorist attacks by the Government Accountability Office? I highly doubt it. This is a naked hit job to cover up the massive terrorism of Muslims and of leftists, and to smear the right, and to do so in racist terms.

The 4 Stages of Islamic Conquest

This information is vitally important for those who see what is going on in other Western nations with the influx of Muslim invaders into their countries. We are seeing it also in the United States and there are telltale signs of how far along they are moving in the culture, even with small numbers. The following information is taken from a PDF document titled Liberty vs Sharia. Read and warn others to resist the movement to Islamize America. This applies equally to Canada.

<https://thewashingtonstandard.com/the-4-stages-of-islamic-conquest/>

Universal Censorship

Of hatred of Islam there is aplenty, especially when individuals grasp the totalitarian nature of Islam and Sharia law; naturally they would *hate* Islam as much as they would Nazism and Communism. They do not want to live under it, nor do they want it next door in a submissive country like Canada. "Peace and harmony" are not analogous or equivalent to Islam's 1400 year record, as Robert Spencer writes in detail in [*The History of Jihad*](#).

One must ask oneself: Where and when have the "denigrators" of Islam run riot, attacked mosques, beaten up Muslims, raped Muslim women, or otherwise incited anti-Islam and anti-Muslim violence?

The Liberals politicize everything they touch, even death and human rights. UK: Social workers help jailed Muslim rapist who fathered child with victim, 15, be involved in son's upbringing

A traumatised woman who was raped by a member of a grooming gang and became pregnant with his child was left 'extremely distressed' after social workers tried to help him get in contact with her son. In the 'perverse' decision by the unnamed local authority, staff approached a jailed sex attacker and offered him help to be involved in his son's upbringing, without notifying his mother. An investigation by The Times

found the council notified the man he could seek visits from his child in jail and could apply for his family to have custody of the boy.
