### **Christie Blatchford: Why all this effort by the Liberal government on behalf of SNC?**

The deposed Attorney General Jody Wilson-Raybould was hardly exposed to a court-style cross this week, but make no mistake: She's come a hell of a lot closer to it than any of the other sorry players in the SNC-Lavalin imbroglio. She emerged whole, and her evidence had the wonderful and unmistakable ring of truth.

## **Andrew Coyne on Jody Wilson-Raybould: Damning testimony from a principled witness**

There is much more still to be addressed, issues she is not yet at liberty to talk about, notably what discussions she has had with the prime minister since she was shuffled out of the Justice, or why she later resigned from cabinet. For now, it is useful to be reminded of the power an individual of conscience can wield. Wilson-Raybould is one person, facing the whole might of the government of Canada, and it isn't even close

## **Anthony Furey: A Scandal Worse Than Trudeau's Harshest Critics Predicted**

"I was irritated by having the meeting as I already told the Prime Minister et cetera that DP [deferred prosecution] was not going to happen and that I was not going to issue a directive," she says of one such incident. Another was a meeting with now former Principal Secretary Gerald Butts where she explicitly tells him to stop pressuring her and then he goes right on pressuring her again a moment later.

## **Trudeau prattles on about SNC-Lavalin 'jobs' while ignoring Alberta's jobless truckers by Rex Murphy**

Andrew Scheer asked about 15 particular questions and to each one the prime minister gave, with minuscule variation, a gauzy non sequitur about his concern for jobs and the middle class and something about the rule of law. He could just as easily have risen and said "it's raining in Tanzania. Most of the people in The Convoy were salt-of-the-earth types, not the professional agitators, perpetual demonstrators and seasoned road-blockers that constitute Canada's protesting class.

## **Left-wing attacks are forcing us to hold our law conference in secret by Barbara Kay**

I can't tell you where the conference is taking place, because the original locale, a large Toronto synagogue, withdrew its invitation when it was "doxxed" (with a photo of the building) [in a column by Michael Coren in Now Toronto](#), fomenting security concerns. As is becoming the norm for groups mounting events that deal with conservative ideas or politically incorrect topics, locales are being kept secret until the last minute to avoid potential violence from Antifa-style activists, for whom Coren's column was, in my opinion, a dog whistle.

### **Justin Trudeau's 2015 Majority Government Win Looks Increasingly Illegitimate Due to Role of Foreign Interference**

If a government was elected under fraudulent means, doesn't that also mean that everything they do as a government is fraudulent and illegitimate? Perhaps that's why the Liberals so-called election 'safeguard,' is focused on cracking down on free speech online, while leaving the same loopholes wide-open for foreign money to enter Canada and sway our upcoming election. This is a perilous moment for Canadian democracy, and we need to do everything we can to make all Canadians aware of it.

## **Canada's Ilhan Omar #Awakening2019 Time to Repeal and Replace Justin Trudeau**

Let me introduce you to Canada's Ilhan Omar: Fatima Benhatta. Canada has a Prime Minister who stands up for those who face racism, xenophobia and Islamophobia. He stood proudly beside Iqra Khalid, an MP and member of the Liberal Party when she brought forward Motion 103 that called for the end of Islamophobia. PM Trudeau has made a point of thanking esteemed members of the Muslim community, including Fatima Benhatta, the British Columbia representative of Islamic Relief Canada (IRC). Islamic Relief has been found to have connections to funding terrorism and Islamic extremism.

## **"Submission: The Danger of Political Islam to Canada"**

Step aside Stephen King, Mary Shelley and Bram Stoker! *Submission: The Danger of Political Islam to Canada* by Thomas Quiggin with contributors Tahir Gora, Saied Shoaib, Jonathon Cotler and Rick Gill, is a chilling account of the extent to which the fabric of Canadian society, especially the political arena, has been infiltrated by Islamists. What makes the book more frightening and credible is the dispassionate tone of the authors, and the extensive documentation at the bottom of each page, to support their arguments.

## **Wealth of First Nations (2019)**

The Wealth of First Nations provides empirical evidence, based on the achievements of First Nations themselves, about the factors associated with high scores on the Community Well-Being (CWB) Index, which aggregates measures of income, employment, housing, and education for

all Canadian communities, including Indian reserves. The overall conclusion is that "making" participation in the Canadian economy—is more effective than "taking"—using political and judicial power to obtain larger transfers from government.

### **Bill S-206, known as the "anti-spanking bill"**

This bill was introduced by liberal senator Céline Hervieux-Payette in 2015. As of June 5th, 2018, it has received second reading and is now being studied by the Legal and Constitutional Affairs Committee.

Without section 43, any use of force would be automatically construed as **assault**. This would include the following:

- picking up and moving a child to another room
- stopping a child from doing something he wants to do
- removing toys or objects from a child's grasp
- enforcing a time-out
- stopping a child from leaving his room or leaving his house
- restraining a child against his will
- enforcing behaviour with a spank

### **C3RF Member Update - 01 March, 2019**

C3RF update for 01 Mar, 2019 calls for writing the Ontario government to rebuff the formation of the "Islamic Party of Ontario". This Party's call for

# FREE SPEECH

**Two things form the bedrock of any open society – freedom of expression and rule of law. If you don't have those things, you don't have a free country.**

**~ Salman Rushdie ~**

## **Putting a Gag on Free Speech and Rule of Law**

Raheel Raza migrated to Canada 30 years ago from a land where women are supposed to be seen and not heard (and these days preferably be seen behind a full cover!). So, rule of law and freedom of expression are sacred to me. Over the course of three decades I've seen that Canada, a country that championed itself on free speech has slowly positioned itself to stifling freedom of expression and speech. So where do I see us today?

## **Fascist "journalist" Marc Thibodeau of Quebec's La Presse defames Ensaf Haidar for meeting with Robert Spencer**

Today Quebec's French-language La Presse features a lengthy hit piece by "journalist" and hard-Left propagandist Marc Thibodeau, entitled "La femme de Raif Badawi liée à un auteur 'extrémiste,'" that is, "Raif Badawi's wife linked to 'extremist' author." Badawi is the Saudi writer who is imprisoned there for insulting Islam; Thibodeau doesn't see fit to include the fact in his headline, but his wife actually has a name, Ensaf Haidar.

<https://www.jihadwatch.org/2019/02/fascist-journalist-marc-thibodeau-of-quebecs-la-presse-defames-ensaf-haidar-for-meeting-with-robert-spencer>

## **Fascist “journalist” Patrick Lagacé of La Presse continues smearing Ensaf Haidar for meeting Robert Spencer**

Patrick Lagacé, Marc Thibodeau, and La Presse would rather see Raif Badawi’s cause discredited (which they are working so hard to do) and Raif himself die in prison than allow Ensaf Haidar to stray from the politically correct reservation. This is the quintessential fascist impulse: dissidents must be crushed. I knew journalists were a contemptible bunch, but Lagacé, Thibodeau and their ilk are changing my view: I thought entirely too highly of them.

## **CBC Non-Story an Attempt to Back Up Trudeau’s Social Media Crackdown**

I recently learned that Canada’s state broadcaster spent resources trying to investigate me and my social media. And the Prime Minister’s Office took an interest. The CBC attempted what amounts to a smear campaign against, among others, myself, Ezra Levant and Barbara Kay.

<https://tnc.news/2019/03/01/malcolm-cbc-non-story-an-attempt-to-back-up-trudeaus-social-media-crackdown/>

## **Liberals may have to require social-media companies to act on hate speech, Minister of Democratic Institutions says**

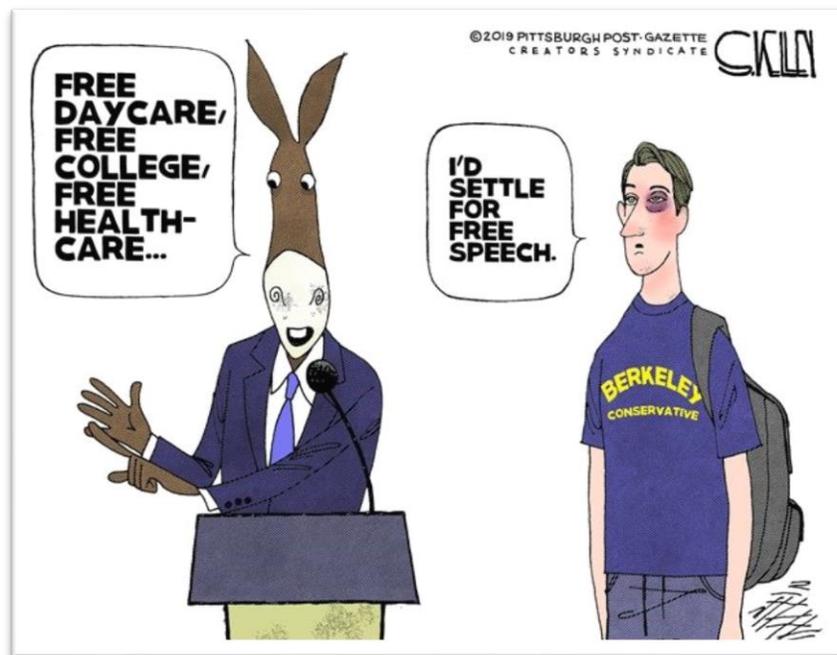

Minister of Democratic Institutions Karina Gould says that the governing Liberals may have to require social-media giants to act when they fail to remove hate speech from their platforms. She made the remark after Liberal MP Nate Erskine-Smith raised comments that were directed at Prime Minister Justin Trudeau on a “Yellow Vest” Facebook page.

## Questioning Islam and Muhammad has been effectively criminalized in Europe

The case of Elisabeth Sabaditsch Wolff is so important because it concerns the core of the fundamental right to freedom of expression: criticism of religions is practically as important as criticism of politicians. If one suppresses the possibility of criticizing religions, this can lead to a chilling effect, which makes further discussion about religions more difficult.

## FACEBOOK, PAYPAL, GOOGLE

**PayPal top dog admits partnership with hard-Left smear machine SPLC to blacklist dissidents from Leftist agenda**

The SPLC's vicious use of its "hate group" list to demonize and destroy legitimate groups that dissent from the Leftist agenda has gotten so bad that even the Washington Post took notice. Nonetheless, the Left's authoritarian agenda is galloping forward, with steady bannings of

dissidents from social media platforms. Soon only the Leftist point of view will be heard, and then an era of peace will dawn all over the West. Won't it?

## **The Left wants everything free, except free speech**

"Lawyers at Facebook and Google have more power than a Supreme Court justice." Arguably, it's the moderators of the sites who wield the most power. They get to decide for themselves what they feel is hate speech, not just what has already been established as such. Last year, Facebook congratulated itself on lowering the traffic to right-wing websites by an astonishing 93%.

# **AROUND THE WORLD**

## **AZERBAIJAN**

### **Azerbaijan moves to obliterate its Armenian Christian past, destroying 89 medieval churches, Christian artifacts**

Islamic jihadists want to destroy the artifacts of non-Muslim civilizations, because doing so testifies to the truth of Islam, as the Qur'an suggests that the destroyed remnants of ancient non-Muslim civilizations are a sign of Allah's punishment of those who rejected his truth. This is one of the foundations of the Islamic idea that pre-Islamic civilizations, and non-Islamic civilizations, are all *jahiliyya* — the society of unbelievers, which is worthless.

“In their hour of defeat, the jihadis’ cruelty knew no bounds. ### **PVV Party Member Van Klaveren Converted — Should We Be Disconcerted?**

The latest revert to make a splash is Joram van Klaveren, a member of the PVV Party who was close to Wilders himself. His story is the most dramatic, for he had in the past campaigned ad nauseam in the Lower House of the Dutch Parliament against Islam in the Netherlands, calling it “a lie,” and referring to the Quran as “poison.” He had also pushed for a ban on the burqa and on mosque minarets.

## **UNITED KINGDOM**

### **The Cult of Shamima**

I’ve seen some strange things in this era of identity politics. People offended by statues. Men in dresses insisting they are women. The expulsion of people from public life for having cracked an off-colour joke 10 years ago. But I cannot remember anything so odd, so perverse, and so telling as the Cult of Shamima, as the chattering classes’ elevation of this young British woman who ran off to join a supremacist Islamic death cult into the poster girl of victimhood. There are some on the PC left who are one breath away from launching a ‘Free Shamima’ campaign. I swear they’ll be cheering her at Heathrow.

## **Must We Really Be Careful What We Do Lest We Offend Extremists?**

Members of the British media have caught up with Shamima Begum, who is living in a Syrian refugee camp. The interviews she has given, in which she has expressed no remorse for her actions and has described life in the Caliphate -- which included seeing severed heads in trash cans -- as not especially troubling, have not helped her in her request to return home to Britain. Home Secretary Sajid Javid has announced that he is stripping Begum of her British citizenship. It is a move which is not just unprecedented but certain to bog him down in legal action for a while to come.

<https://www.gatestoneinstitute.org/13803/offend-extremists>

**Dear Shamima Begum**

**I hear you want to come home. Do you know who else wanted to come home? The victims of the Manchester bombing. They all wanted to go to a concert and come home.**

**They will never come home again. They will never walk through the doors of their homes to greet their loved ones because a member of the terrorist group you support took their lives. They lay dying wishing they were at home.**

**I hear you have just given birth. Do you know who else dreamt of having a family? The 8 innocent people killed in the borough market terror attack. They will never see their families or the families they could have had because a member of the terrorist group you support took their lives. They lay dying thinking of their families.**

This isn't your home anymore. You gave up the right to call it home when you left with the sole purpose of facilitating attacks on your home.

So, it wasn't all rosy in Syria? Tough. You've made your bed. We don't want you here, your bad judgment at 15 is one thing but your lack of remorse now is quite another. You deserve nothing but to stay where you are and I hope every second of it is unbearable for you.

It won't come close to what these victims went through or their families since.

## **TOMMY ROBINSON**

### **Why Tommy Robinson should not be banned**

Only a fool would cheer the banning of Tommy Robinson by Facebook and Instagram. It doesn't matter if you like or loathe him. The point is that his expulsion from social media confirms that corporate censorship is out of control. It speaks to a new kind of tyranny: the tyranny of unaccountable capitalist oligarchs in Silicon Valley getting to decide who is allowed to speak in the new public square that is the internet. The first lesson of freedom of speech: to enjoy it for yourself, you must defend it for all others. When you approve the censorship of your enemies, you unwittingly okay the censorship of your friends, and even yourself.

<https://www.spiked-online.com/2019/02/27/why-tommy-robinson-should-not-be-banned/>

### **Watch all the reports on the screening of "Panodrama" that may have gotten Tommy Robinson banned from Facebook**

In an act of outrageous political censorship, Facebook and Instagram announced today that they have permanently banned Tommy Robinson from their platforms. It's an act of foreign political meddling in the UK, too: Tommy had over one million followers, and his Facebook page was the third most popular political page in the country, after Theresa May and Jeremy Corbyn. Facebook simply deleted it.

## **Sweeney Agonistes: Tommy Robinson Turns the Tables on the BBC by Bruce Bawer**

"You're fake news," Tommy shouts at Sweeney. "You're a classist, elitist ... You're a liar, you're a fraud, you're a racist, you're a homophobe ... You were trying to destroy my life!" The accusations are as true as can be, and the spectacle of Tommy hurling them directly, eloquently, and fearlessly into the face of this befuddled BBC boob is delicious -- at once powerful and poignant, a textbook example of speaking truth to power.

## **Facebook bans Tommy Robinson, falsely claiming he calls for violence against Muslims**

"I can reveal I recently had a meeting with Facebook to discuss [#TommyRobinson](#) pages and their impact in brainwashing his supporters to become terrorists and use violence against Muslims. A very good result and I am proud of my role." However, Tommy Robinson says: "...the reasons they've given are just complete lies. They're saying I incited

violence and that I openly called for violence against Muslims, that's just a lie. If that was the case then they could show evidence of messages where I'd said that but I never have."

## **Left-fascists begin book burning: Amazon bans "Mohammed's Koran" by Tommy Robinson and Peter McLoughlin**

Those who object to my labeling Leftist totalitarians "fascists" should take careful note of this story. What group is most famous for burning books? That's right. And what group is doing it now? Right again. Anyway, I predicted this, but like Peter McLoughlin, I didn't think it would come so soon. Whatever anyone thinks of Tommy Robinson or the Qur'an, this is a serious development that anyone who cares about the freedom of speech should be extremely concerned about.

## **A Brave Journalist Speaks Out**

I have totally changed my mind about Tommy Robinson, and I am not afraid to say so. This is WHY TOMMY ROBINSON is a HERO and the Police and Social Services and Councils are the evil ones. This story says it all. You can tell this man finds this so disturbing he can barely get it out. Thank God for him. Tommy Robinson has been covering all this for years and for years they tried to silence him.

## **UK's 'State of Hate' Report Ignores Leftist Hate**

Hope Not Hate repeatedly shows cynical skepticism about motivations, never missing a chance to attribute 'hatred' or to label people. For example, many of those protesting last year's imprisonment of Tommy Robinson on a charge of contempt of court, who are included here as 'far right', were in fact mainly concerned with the now proven flaws in the legal

process. Hope Not Hate does nothing to investigate further or to nuance their unflattering descriptions of thousands of individuals concerned about injustice.

There are perhaps few weapons in existence that could cause more confusion, sickness and death in a society, undermining its very
