Call to Action – Boycott the Upcoming Debates

The recent decision by the Leader's Debate Commission to exclude Maxime Bernier from debates is appalling. Mr. Bernier easily qualified but the Advisory Board, an "independent" board assembled Oct. 2018 by the Liberal government created a technicality and ran with it. It is time to hold

the LDC to account for their political bias and interference. Whether one is in favour of Maxime Bernier and his party or not is irrelevant - this is a matter of protecting democracy and freedoms.

“Say no to mass immigration” billboard brought down by Liberal bully

On last night's episode of *The Ezra Levant Show*, we covered how Liberal, leftist journalists rallied to take down a “Say no to mass immigration” billboard that went against the official narrative. This isn't just the de-platforming of a billboard or the silencing of the majority view, it's deliberate conditioning to shut up if you don't agree with the official narrative.

The Truth About the Billboard Posting

It is critical that everyone be advised of the facts behind the billboards promoting Maxime Bernier and the PPC's position on "Mass" Immigration. The billboards were erected in several major cities by a third-party group called True North Strong and Free Advertising Corp and according to Johanne Mennie, from the PPC, they had no prior knowledge of them. Controversy arose quite quickly and the Billboard Co., Pattison Outdoors, decided to take them down...but not for the reasons you may have suspected.

Let Maxime Bernier debate

If People's Party of Canada (PPC) leader Maxime Bernier is not allowed to participate in this year's federal leaders' debates, it will seriously call into question the impartiality of the whole process. It's certainly the case that a number of people don't like the PPC. Fair enough. Those opposed to Bernier are free to vote against the party, campaign against it, write critical things about them and tell their friends not to vote for PPC candidates. That's democracy. But so is debating. Let Max speak.

Our Immigration System is a Mess and Taxpayers are on the Hook

Canada's border cops are ringing the alarm bell about the record number of bogus asylum seekers who refuse to leave the country. Every year, for the past few years, tens of thousands of people enter Canada illegally and make asylum claims. Once they apply to become refugees, their immigration status is normalized and Canada temporarily forgives the fact that they entered illegally. But only temporarily. In the first six months of this year, 26,860 people entered Canada illegally or under false pretenses to make asylum claims. That's a higher number than at the half-way mark of the previous two years.

Canadian Politics Controlled by Ethnic Hustlers: Jagmeet Singh And Jenny Kwan

Singh is an ethnic Sikh and Kwan is an ethnic Chinese. Their primary loyalties are to their ethnic groups, not to Canada. Their primary goal is to increase the numbers of their groups through high immigration. Kwan demonstrated that several months ago in her role as the NDP's immigration critic when she led a charge to remove health restrictions on immigrants.

Kwan even spoke in favour of a new law that establishes every April as Sikh Heritage Month. To most Canadians, the biggest 'heritage' that Sikhs have in Canada is the bombing of Air India, an incident that killed 329 Canadians. Why is this group, whose members are responsible for the

largest mass murder in Canadian history, to be honoured? If anything, they should rot in Canada's "Hall of Shame" forever.

Men found guilty in Via Rail terror plot win new trial over improper jury selection

The Ontario appeals court has thrown out the convictions of two men sentenced to life over an alleged al-Qaida-linked plot to attack a Toronto-bound passenger train. In a decision released Tuesday, the court ordered a new trial for Raed Jaser and Chiheb Esseghaier, who were arrested by the RCMP in 2013 and found guilty of terrorism in

2015. The appeals court set aside their convictions in a unanimous ruling that said “a legal error by the trial judge” had deprived Jaser of his preferred method for selecting jurors. Following the appeal decision in their favor, Jaser and Esseghaier can apply to be released on bail, she said. Shocking.

Media Cover Up Case of Somali Migrant Who Attempted to BLOW UP Canadian College

23-year-old student Nasradin Abdusamad Ali was arrested and the Vancouver Police Department (VPD) have announced he has been charged with one count of arson and one count of possessing incendiary material. Why are Canadians unaware of this incident, which took place in an upper-middle community on Vancouver’s tony west side? Arguably a case of terrorism, mainstream Canadian media stuck their collective heads in the sand, refusing to expose the case on a national scale. For media outlets who picked up the story, only ONE— CTV News, included the fact the alleged perpetrator is a migrant from Somalia.

Remember the real scandals of the Trudeau government by Conrad Black

The treatment of Mark Norman was an unspeakable outrage, yet the media and opposition let the government off the hook. Mark Norman, a fine and good man and officer, is not Gen. MacArthur, and Trudeau is no Harry Truman either (a distinguished president), but the government's treatment of this fine officer was an unspeakable outrage and the opposition parties and media should have fried the entire senior cabinet, and not allowed Scott Brison, one of those believed responsible, to slink serenely off to prosperous retirement.

Trans activism's latest trick: vandalizing women's shelters

A Vancouver rape crisis center had rats nailed to the door and posted through the mailbox. C3RF Update - 30 August 2019

This week's update continues to set the table for the upcoming Canadian federal election. In doing so, it analyzes the likelihood of a far left-leaning coalition government with Libs, Greens and NDP advancing a globalist, freedom-crushing agenda. As if this possibility was not bad enough, evidence continues to build that all establishment parties are in the thrall of "entryism" efforts aimed at expanding an Islamist beachhead in Canada. In opposition to this development, a written "pledge" is offered for door-knocking politicians to sign. More than ever, it appears to be time to identify and elect a new breed of political representative that is dedicated to the long-standing tradition of "responsible government".

Thomas More Law Center Uncovers Taxpayer-funded Islamic Propaganda Forced on Teachers

Concerned about a two-day mandatory teacher-training seminar on Islam conducted by a Muslim consultant hired by Michigan's Novi Community Schools District, TMLC filed a Freedom of Information Act request for

Moreover, during the past five years the school district has presented no teacher-training seminars focusing on Christianity, Judaism or any other religion – only Islam.

MULTICULTURALISM

Why repealing the Multiculturalism Act Makes Sense

When the Multiculturalism Act was enshrined in law in 1988 (building on Pierre Trudeau's earlier policies), Canada became the first nation in the world committed to "enhance multiculturalism", and to ensure that immigrants could "keep their identities." Even though immigrants by their very coming here show at least some willingness to integrate into a new society, by adopting the Act, Ottawa chose to elevate ethnic divisions above national unity.

The Canadian people agree. A 2016 CBC-Angus Reid poll found almost 70% of Canadians want minorities to "fit in" and assimilate more.

Who Is Antifa? What You Need to Know

On Monday, a disenchanted former Antifa member was interviewed on Fox News. He was as confused as so many others. He called Antifa the real fascists. No, they are not fascists. Antifa was and is primarily a global Communist movement using fascist tactics...breaking up meetings, rallies, destroying property, clubbing a few people, etc. They use the moniker ‘anti-fascist’ to keep you confused with no idea as to their real intentions. Democrats don’t speak out because they are close relations...the militant wing of the party doing the dirty work, but keeping enough space between them to distract you. Democrats are not strangers to militant wings, hence the KKK.

How I became an 'extremist' overnight

To go from being a victim of multiple assaults to suddenly accused of being the violent aggressor or complicit in the acts of others, is the type of gaslighting I am used to by now. In the hours after being beaten and robbed over two months ago in an unprovoked attack claimed by Rose City Antifa — for which there have still been no arrests — Antifa activists falsely accused me of assaulting people before being beaten. This week, Portland newspaper *Willamette Week* speculated that because I had declined an offer to be provided security from the Proud Boys, this was actually evidence of collusion.

Macron let Notre Dame burn, but he's mad at Brazil over naturally occurring Amazon forest fires

The Amazon is huge, and it has forest fires naturally, every year, all the time, just like Canada's northern forests. That's how it works in nature. Forest fires are shocking and destructive, but they are rejuvenating as well. Macron had nothing to announce, so he chose to attack Jair Bolsonaro, the right-wing president of Brazil. To blame Brazil for its forest fires, and frankly, to threaten to put on sanctions, or at least to cancel a proposed trade agreement with Brazil, if it didn't put out its forest fires. "Mediterranean Taxis" for People-Smugglers

Interior Minister Matteo Salvini had refused to allow the *Open Arms* rescue ship, carrying more than 80 mostly African migrants, to dock in Italy. The refusal was in line with his crackdown on migrant smuggling that has effectively closed Italian ports to migrant rescue boats since June 2018.

The Spanish anti-immigration party Vox filed a lawsuit against Open Arms and called for the arrest of the ship's captain, Óscar Camps. "Disguising its activities as 'rescue work,' this 'NGO' is an accomplice to the people-smuggling of international mafia networks," Vox leader Santiago Abascal tweeted, adding: "Open Arms does not rescue shipwrecked people. If it did, it would take them to the nearest port. What it does is use immigrants as an extortion tool against countries that choose to defend their sovereignty.

"Death to Jews" at Summer Camp

"There is a very intense anti-Semitism in the visual media and printed press, as well as on social media, in Turkey. But this video is the most major and most severe form of anti-Semitism. Very young children are indoctrinated in Jew-hatred and human-hatred without even knowing who Jews are. These children will grow up to be potential Jew-haters and this is the biggest danger. Penalties should be imposed for racism and hate crimes. Lawsuits should absolutely be filed against those who engage in racism and hate crimes and who direct children to these things. This is the short-term solution; but the long-term solution is education.

Daring to Suggest That all Cultures Aren't Equal

It is a mark of sheer cognitive malarkey to claim that all cultures are equal. Just as some cultures are technologically more advanced than others, so some are politically more distinguished in their record on individual rights and the protection of private property and personal liberties than others. Rape cultures, that is, cultures in which rape is sanctioned by law such as in several parts of Pakistan and Afghanistan, are not moral equivalents of any western democratic countries in which rape, though committed by moral deviants, is illegal and punishable by objective law.

The Myth of Ecocide

It is hard to think of any other global event this year that has been as awash with misinformation as the rainforest fires. We've been told these fires are a calamity, an act of 'ecocide'; they're proof of humanity's contempt for the environment; they will blacken and possibly even destroy 'the lungs of the world', as the rainforests are referred to, given they produce 20 per cent of the world's oxygen.
