

**“The line separating good and evil passes not through states, nor between classes, nor between political parties either — but right through every human heart — and through all human hearts. . . . And even within hearts overwhelmed by evil, one small bridgehead of good is retained.”**

## **AMERICA IN CRISIS**

### **Stand up America! American Privilege is Colorblind!**

We do not kneel in America! We stand tall for liberty, equal opportunity, and law and order. We are all privileged Americans and reject the racially divisive groveling that is reverse discrimination designed to foment race riots. The colors of America are red, white, and blue because ALL LIVES MATTER in America!

Tyranny is a binary social structure of rulers and the ruled. The ruling masters, monarchs, oligarchs, emperors, and dictators all consider the subjects they rule to be property. Not in America! In America we belong to

ourselves. It is a privilege to be an American citizen and to live in a society where individual rights, upward mobility, and private property create a robust middle class that supports freedom. Equal opportunity, not equal outcome, is the privilege and guarantee of equality in America.

## **Club of Rome by Janet Levy**

Before you watch the short video below (6 minutes) that blows the whistle on the evil, pervasive globalist plan that is being instituted worldwide and has flagrantly initiated the process of destroying our precious constitutional republic, read my brief description of its provenance.

The Club of Rome (CoR) is a think tank made up of world leaders, prominent scientists, celebrities, business leaders and other "luminaries" in various fields. It is a think tank with national associations in 35 countries, that was founded by the Jew-hating Rockefellers with a group of "world citizens" to provide "suggestions" to U.N. members and associates. The membership, which numbers several hundred (only about 6 Jews), espouses a "common concern for the future of humanity" and views Communist China as the most important and successful society in human history. The public relations arm of the CoR comprises the Council on Foreign Relations and the Tri-Lateral Commission.

Some of the Club of Rome's prominent members and associates include or have included: Bill Gates, Deepak Chopra, Desmond Tutu, Marianne Williams, Kim Campbell, Mary Robinson, Pierre Trudeau, Robert Redford, Al Gore, Kofi Anna, Dalai Lama, Bill Clinton, Jimmy Carter, George Soros, Jane Goodell, Vicente Fox, Henry Kissenger, Tony Blair, Mikhail Gorbachev, Ted Turner (donated \$1 billion for the effort), Princess Beatrix of the Netherlands, etc.

The Club of Rome employs the idea that "man has created global warming" in the service of foisting a political agenda to control EVERY part of the lives of humankind. They have pledged to use the fear of environment crisis, the new world religion, to create a new world government with U.N. central direction.

Club of Rome devotees endeavor to control food production - what we eat, how much we eat; how we move around the planet; where and how we live, etc.

Here are some of the other tenets of this evil enterprise:

- 1) The ideal worldwide population (currently just under 8 billion) is 250-350 million. The severe reduction of the population or population control is necessary and requires the sterilization of the upcoming generation.
- 2) Private property contributes to social injustice and must be abolished.
- 3) The common good MUST be placed above individual rights or liberties.
- 4) Universal health care (a.k.a. poor quality healthcare) is a right.
- 5) Sovereign countries are a source of war.
- 6) Global government and global citizenship will bring peace for all humanity.
- 7) The education of children must focus on global citizenship and environmental stewardship.

Agenda 21, under the aegis of ICLEI (International Council for Local Environmental Initiatives) is a program to implement this globalist "sustainability" plan.

## **Condemn this Violence without Equivocation**

Americans are in a very dangerous situation now. We stand on the brink of a widespread epidemic of civil unrest whose ultimate consequences are difficult to reckon. All it may take is just one political assassination; one mistaken shot fired by a nervous, frightened young National Guardsman confronting a raucous mob; one enraged immigrant shopkeeper who guns down a black youngster trying to loot his store; for all hell to break loose. The dry tinder lies at hand, needing only a spark to start a conflagration. There are opportunists in our midst who would hope this might be so. Which is why I insist that progressive intellectuals who make excuses for

street violence, even in the face of the awful killing of George Floyd, are making a monumental moral and political error.

## **Black Lies Matter**

Marxists, Anarchists and their affiliates have joined the BLM movement to create a race war. Tommy Robinson gives an excellent summary of the past week, including many short videos that I had not seen before. The black community in the USA and in the UK are being used by left-wing politicians. #AllLivesMatter. We won't apologise for saying that. (Warning: Course language)

## **Black women speak up against Black Lives Matter**

Want to know a secret? The group Black Lives Matter does not care about Black lives. If they did, you wouldn't be hearing these women crying out for help. If they did, this group would not be going around vandalizing and destroying businesses and cities – including BLACK businesses.

## **Riots and Leftist Terror**

This new *Glazov Gang* episode features Will Johnson, the Founder of UniteAmericaFirst.com. Will discusses "Where Are the Protests for David Dorn" shedding a disturbing light on when black lives don't matter — to Black Lives Matter.

## **Sheriff David Clarke: 'You'd have to loathe black people' to defund police**

Clarke, 63, said the proposal advocated by the Black Lives Matter movement, which has quickly gained traction among Democratic leaders in cities such as Los Angeles, New York and Minneapolis, "isn't a serious public policy proposal, it's buffoonery."

## **In defense of liberalism: resisting a new era of intolerance by Murray Douglas**

Unwittingly or otherwise, those who use these terms subvert one of the last great additions to liberal thought: that aspiration expressed by Dr Martin Luther King half a century ago. For when Dr. King talked about the need to judge a person by the content of their character and not by the color of their skin, he gave us something that was not just a great moral insight but — in an increasingly diverse society — the only solution. A year before his death, Dr. King gave a speech titled 'Where do we go from here?' in which he said: 'Let us be dissatisfied until that day when nobody will shout, "White Power!", when nobody will shout, "Black Power!", but everybody will talk about God's power and human power.'

## **Why Don't These #BlackLivesMatter?**

The woke kneeling liberals sing the praises of Planned Parenthood, founded by eugenicist Margaret Sanger whose [goal](#) was "to exterminate

the Negro population.” Their abortion clinics are [disproportionately](#) “located in ZIP codes with higher percentages of blacks and/or Hispanics than the state’s overall percentage.” If black lives truly mattered, there would be calls for more school choice and fewer abortions, more emphasis on intact nuclear families and less on reparations for events hundreds of years ago. But those are not part of the BLM political platform, contradicting their supposed message.

## **We Are Ruled by Fools**

Jared Taylor points out that rioting works. If the country had waited quietly for Derek Chauvin to be indicted and tried, there would not be nearly a billion dollars promised for black causes, whites on their knees before blacks, and monuments to white men coming down all over the country.

## **Corporate America Floods Far-Left Social Justice Causes with \$454 Million Cash amid Floyd Protests**

## **Obama Still Leading from Behind**

During his second term, the composite character president brought Black Lives Matter to the White House. As the current insurrection surges, the former president mounts the bully pulpit, invoking the "original sin" of institutionalized racism. He exhorts the protesters to "make people uncomfortable" and "seize the moment." In February 2015, at the height of their riots and incitements, President Obama duly invited BLM to the White House. They were better organized than he had been, the president said, and "I am confident that they are going to take America to new heights."

## **A Left-wing Private School in Los Angeles Pledges to Fight for "Racial Equity" and "Antiracism" - Janet Levy's Response**

I just received the school's appeal which stated:

*"This is a moment in history. Our children will ask us one day, if they have not already, what we did as a community to make lasting, positive, and meaningful change from this moment. And we must ask ourselves this same question. Our hope is that the Oakwood community will fulfill its mission and continue as a leading institution committed to the work of racial equity and antiracism."*

As a proud momma of a graduate, an ER doc who assists the National Guard in his spare time, I wrote:

***"Our children will ask us why we allowed the destruction of our communities, stood by as law enforcement and civilians were beaten by radical Leftist groups, allowed businesses (including those belonging to blacks) to be burned and permitted looting –***

***all activities that are inimical to a law and order constitutional republic.***

***They will also ask us if "black lives mattered," why was there no outcry about the 7,000 black Americans murdered annually, most at the hands of other blacks? Our children will want to know where the protest was when retired black St. Louis police chief, David Dorn, was murdered as a result of the radical Leftist mayhem.***

***They will ask us why we didn't do anything to stop the amalgamation of Maoists, Marxists and Islamic radicals that make up Antifia, BLM, La Raza, CAIR, etc. Why did we permit the destruction of our cities in the name of one black man with an extensive criminal record who died at the hands of one bad cop?***

***Most importantly, our children will ask us how we squandered the legacy of our Founders, lost the greatest experiment in liberty and individual freedom the world has ever known, defiled the most enduring symbol of freedom (the American flag) and supplanted the greatest document in history insuring self-government, individual liberty and the rule of law in return for the misery of totalitarianism, poverty and lawlessness.***

***Our children will scream, "How did you turn the United States of America, where millions of immigrants aspired to live, into Communist China in record time and leave us to live a life of enslavement and misery?"***

## ANTIFA

### **Antifa explained**

Antifa seeks to destroy the democratic way of life in the United States by stimulating anarchy and guiding a descent into chaos. New rules and institutions based in communist values are supposed to rise out of the ashes. Free speech is inimical to the antifa way of thinking. They rightly view it as an existential threat to their movement. That is why they have also focussed on college campuses. They are expert in employing the hecklers' veto, and have successfully intimidated administrators, professors and student leaders into shunning or disinviting conservative speakers.

## BLACK LIVES MATTER

### **Black Lives Matter is a COMMUNIST Organization**

Black Lives Matter was created as a part of the Chinese communist organization operating in the United States called Freedom Road Socialist Organization. Listen as UTT Vice President John Bennett lays it out. A combat veteran and retired Marine First Sergeant, John Bennett served for 8 years as a State Representative in Oklahoma. John explains that Black Lives Matter was founded by three female Marxist/communists: Alicia Garza, Patrise Cullors, and Opel Tometi. When we see the violent riots in the streets of America, it is important for Americans to know Antifa and Black Lives Matter are communist groups. These are not "protests" for "justice." They are coordinated efforts to foster the overthrow of the U.S. Constitutional Republic by hostile foreign and domestic forces.

# COMMUNISTS

## Communism Is Reborn with a New Name in America

The platform of the Democrat Party for the 2020 elections looks like this: "America, on your knees!" Anyone who thinks this election slogan is a winning one needs to be reminded that real America has not gone anywhere. America, which has never knelt and will never kneel before anyone, is still here.

In addition to this, the Democrats' latest slogan — to defund the police force and eliminate it — is a real gift not only to Trump, but to all Republicans. Let's recall that it was Vladimir Lenin who proposed first the dissolution of police in April of 1917, six months before the Communist Revolution in Russia.

## Three Species of Protesters

The last species on my list of demonstration fauna, the barbarous, hardly needs an introduction. He is a creature fundamentally unfit to live in civilized society. Whether this is because he grew up without a father or, like Jeffrey Dahmer, simply happened to be born without a conscience is of little practical relevance. When the cinderblock hits the bystander's skull, we really need to stop talking about what the perpetrator *might have been* and deal bluntly with what he *is*. Where the radical is an ideologue, motivated by manipulating the crowd, the barbarian is clearly present for the pure bestial excitement of looting, mayhem, and bloodshed. Far from being outraged by events, the barbarian delights in the opportunity to riot and would riot every day if no one were there to stop him. When liberal mayors engage in conciliatory tearful sympathy toward an uncoordinated mob of looters, eagerly engaged in wrecking everything in sight, they are simply conflating the barbarian with the sincere.

## To Those in Blue

As the country sees the spectacle of anti-cop rants and total disrespect for the badge, I am reminded of the 1925 piece by William Faulkner titled "The Cop." It is way past due to hearken back to the time when, as a young lad, he would desire to

***... be a patrolman; in a blue coat and swinging a casual stick and with a silver shield on my breast, I would pace the streets away with the measured beat of my footsteps. What to compare with this grandeur? To be the idol and fear of the lads, to be looked upon with respect by even grown people; to be the personification of bravery and the despair of criminals.***

What a different time and place. Almost a century ago, most folks understood the danger that police faced and had a respect for the thin blue line that protected them from criminals and murderers.

[https://www.americanthinker.com/articles/2020/06/to\\_those\\_in\\_blue.html](https://www.americanthinker.com/articles/2020/06/to_those_in_blue.html)

## **In conclusion:**

“Americans stopped kneeling to tyranny in 1776. Our country vehemently rejects submission and firmly rejects white supremacy AND black supremacy. Reverse discrimination is the despicable exploitation of the black community by desperate Democrats. The law-abiding black community wants equality and ordered liberty as much as the law-abiding white community. Nancy Pelosi should get off her knees, take off her unnecessary mask, remove her contrived African Kente sash, and get back to work to help make MLK’s dream of equality a reality. Rioting and anarchy never lead to peace – they are the precursors of tyranny. Costumed, kneeling Pelosi and her globalist handlers are deliberately fomenting racial divisiveness, social chaos, and anarchy in their bid to blame Trump and defeat him in November. Chaos is their political strategy – it is the preferred political strategy of tyrants.”

# **CANADA**

## **Is Trudeau race baiting for political gain?**

You may have watched the Prime Minister on the news last week attend a Black Lives Matters protest, but are you aware that you also witnessed him perform an act of allegiance to the New World Order in taking that knee? You will notice he had no real concern over a “deadly virus pandemic,” but instead focused on displaying his “blackface” hypocrisy, gas lighting Canadians, accusing Canadians of racism, and stoking the flames of resentment toward not only our law enforcement but also, so-called “white privilege.”

For months he has focused on destroying Canada’s economy. He has put millions of Canadians out of work by claiming that Covid 19 is a pandemic, which can only be cured by a vaccine. His constant double standard in breaching the order to self-isolate is infuriating, given the millions of people who have lost their jobs and the thousands who have lost their lives

because they were unable to get lifesaving surgery or access to hydroxychloroquine to fight Covid. And let us not forget about our elderly, who have been locked up for months away from loved ones.

## **Trudeau defends decision to attend protest with thousands, breaking his own social distancing rules**

“Dictators of the Right and of the Left, around the world, both in the past and currently, violate press freedom by favouring sympathetic journalists and media outlets over those whose reporting is hostile to the government. ## **White privilege and racism**

The only systemically racist Canadian I know is Justin Trudeau, the Prime Minister, Mr. Blackface. The man who bent the knee in abject apology to Black Lives Matter because of events in America. He bent the knee, but not for me. I will not take on the sins of this privileged white man trying to expiate his sin of Blackface, nor should the rest of Canada.

## Canada's Religious Leaders Should Stop Tolerating Unjustified Lockdown

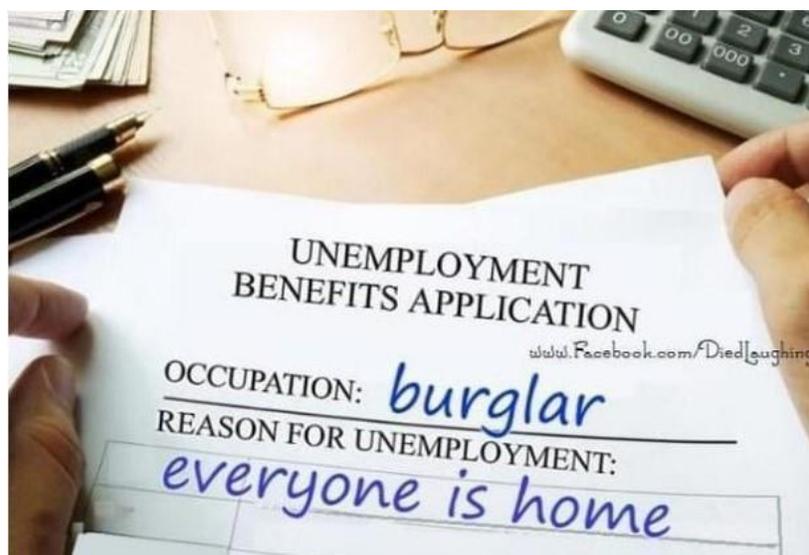

Since the lockdown in March, Canada's premiers have deemed big box stores, hardware stores, abortion clinics, and liquor and marijuana outlets as "essential." Religious leaders who fail to insist that the government must recognize houses of worship as more essential than gyms and health clubs are doing more harm to religious freedom than politicians.

This week's update takes "systemic racism" to task and notes that those who claim it's embedded in all things Canadian fail to even define the term. ### **Slavery – The Whole Story with Dr. Bill Warner**

Most people do not know the complete story of slavery. The half story of slavery is the evil white man on a wooden ship on the west coast of Africa. The whole story includes the fact that all of the slaves sent to the Americas were sold by Muslim slave wholesalers. Political Islam has a complete doctrine of slavery. Historically, all nations used slaves. The reason for the ending of slavery was that we built better slaves with engines and machinery, not our moral superiority.
